

3 June 2015

## COMPLETION OF 3D SEISMIC SURVEY AMBILOBE BLOCK, OFFSHORE MADAGASCAR

Pura Vida Energy NL (**Pura Vida** or **Company**) (ASX: PVD) is pleased to advise that the 3D seismic survey in the Ambilobe block has been completed on time and on budget.

The survey covered an area of approximately 1,100 km<sup>2</sup> over a high-graded portion of the Ambilobe block. The acquisition was undertaken by Sterling Energy plc as Operator, using seismic contractor CGG Services SA, on behalf of the Ambilobe joint venture partners.

Processing of the newly acquired 3D data will commence shortly to a pre-stack depth migration cube. Intermediary products will be available during the second half of 2015, allowing early interpretation, with the final processed data available in Q1 2016.

**About Pura Vida Energy:** Pura Vida is an Australian-based African oil explorer building a portfolio of high quality assets. Pura Vida currently has operations offshore Morocco, Gabon and Madagascar with significant resource potential and a fully funded high-impact drilling program.
